

Round Cable Stripper No. 13

WEICON Stripping Tools enable the fast and safe stripping of all common round cables. The product range of stripping tools includes different types, which provide easy handling and accurate results.

The Round Cable Stripper No. 13 enables fast and convenient stripping of all common round and wet room cables with a diameter of 6.0 - 13.0 mm (e.g. NYM cables 3 x 1.5 mm² to 5 x 2.5 mm²). Adjusting the cutting depth manually is not necessary. The new working range is thus also suitable for smaller wire diameters from 6 mm, such as 3 x 0.75 mm². Thanks to the ergonomic handle shape, the tool is particularly comfortable to use. The distinctive handle of the Round Cable Stripper No. 13 ensures a safe, non-slip grip. This helps to make daily work easier and also improves work safety. The rounded and space-saving tool head perfectly matches the modern wall box geometry. The longer shape makes access even easier when stripping in deep-set cavity wall boxes and spaces difficult to reach. Due to the new blade arrangement, clogging of the electro-galvanised knives caused by residue of cable sheaths is prevented. For possible small series or for producing wires with the same strip length, a length stop is integrated in the housing. A fastening clip ensures safe storage of the tool.

Technical Data

Cable types	round and continental type cables
Application range	(e.g. NYM 3 x 1.5mm ² to 5 x 2.5mm ²)
Inner blade	fixed, not replaceable
Length	140 mm
Weight	48 g
Item number	52000013

Note
Working with WEICON Stripping tools is only permitted with potential free wires and conductions.
